**CLIENT:** 1st A.C.T. Silicon Valley, San Jose RDA

**ROLE:** Urban Designers

**DESCRIPTION:** A new vision was emerging from civic, business, city and cultural leaders to shape and identify Downtown San Jose as the “Center City of Silicon Valley”. Our firm played the primary role in providing the physical vision in collaboration with the leadership group and community. We also produced a defining video of the vision in conjunction with Adobe.

## Downtown Sunnyvale Vision Plan Sunnyvale, California

**CLIENT:** City of Sunnyvale

**ROLE:** Urban Designers

**DESCRIPTION:** The City concentrated its focus to create a vibrant and walkable 250-acre downtown that connected and encouraged Cal Train ridership. Our firm worked through a community process to establish the compact footprint of a mixed-use downtown from single buildings in a sea of parking, into a Specific Plan and Design Guidelines. We also designed the downtown multi-modal station, light rail land use concepts and station designs in use today.
